- Face-to-face support
- eLearning modules
- Workplace based learning, and
- A combination of the above

One of the core goals we strive for here at Harness is to deliver outcomes on learning for participants - this means that when people finish a Harness Training program, they leave the courses:

- More likely to be aware of the knowledge they have been given for longer;
- Retaining learning's for longer;
- Feeling as though the program gave them something more than just a certificate; and
- Believing they are now adequately skilled for the tasks they need to perform.

Thank you for sharing our journey...

Enrolment

The enrolment process may vary depending on the type of qualification you intend to study. A copy of our Learner Handbook is available online for you to read and understand prior to enrolment.

An enrolment form must be completed, together with any required observations and/or self-assessment regarding special circumstances and/or training needs. Information on the fees and charges relating to your proposed course of study will be provided, and payment terms and methods will be agreed upon.

Once all enrolment forms have been completed, you will be enrolled into the qualification and a trainer and assessor assigned to help you through the course. Note that enrolment is not confirmed until fees have been paid as agreed.

Enrolment Dates

Harness operates on a system of rolling start dates for qualifications. This means you are able to enrol and start studying straight away. For Harness short courses, please direct bookings/queries to our website (www.harnessenergy.com.au) or call our office on 07 3292 0700.

A USI is required by all Australians undertaking nationally recognised training. It allows learners to link to a secure online record of all qualifications gained regardless of the provider. This system was implemented by the Australian Government in 2015, so it will show learner achievements from 1 January 2015 onwards.

As an RTO, Harness cannot issue Certificates or Statements of Attainment without a USI. Therefore, it is mandatory that all learners supply their USI upon enrolment.

If you do not have a USI, please visit <https://www.usi.gov.au/learners/create-your-usi> for more information, and instructions on how to apply.

Personal Learning Plan

As part of the overall enrolment process, Harness will work with you to develop a customised plan for your learning that will address course requirements as well as your personal circumstances. Payment of course fees can be made to Harness via:

- Credit card
- Debit card

If you are experiencing financial difficulty, please contact Harness as early as possible to discuss options.

Refunds

Should a learner withdraw from a course for any reason, a full or partial refund may be applicable. Information below outlines some of the circumstances under which a refund may be granted. Please contact Harness on 07 3292 0700 to discuss individual circumstances.

Course Withdrawal

All cancellations are to be made in writing and emailed to training@harnessenergy.com.au

Withdrawal Prior to Commencement of Course

This is charged because Harness will have already expended resources associated with setting up learner records and providing materials.

Withdrawal After Commencement of Course

- If the course has already commenced, a pro-rata refund may be calculated for the units of study not already started
- Tuition fees for User Choice agreements based on nominal hours will be refunded for the units not trained
- Any co-contribution fees paid for Government subsidised training will be refunded for the units not trained

- A non-refundable administration fee will be applicable
- Any refund will be at the discretion of Harness

Cancellation of Course by Harness

In the event that a course is cancelled by Harness for any reason, learners enrolled at the time of the cancellation announcement will have their fees fully refunded. Learners who may have already been assessed as competent for some units in the course will be issued a Statement of Attainment for these units and the cost of issuing the statement(s) will be deducted from the refund total.

Course Information

After enrolment, you will be given access to training materials in hard copy and/or digital format as '**CLASS COPIES**'. You will need to supply your own stationery materials.

You may be given an outline for training appointments, which may be:

- Workplace visits
- Classroom sessions
- Online modules
- A combination of the above

Duration

How long your course will take depends on a number of factors. Included are your own efforts and commitment to submitting assessments regularly and on time, your study load (i.e. full- or part-time) and how many units (if any) are eligible for credit transfer and/or recognition of previous experience and qualifications. Further, the level of the qualification being undertaken will impact on course duration. The Australian Qualifications Framework (AQF) summarises the criteria of different qualification levels and gives an indication of the complexity, depth of achievement, knowledge, skills and levels of autonomy required to achieve a qualification at that level.

The AQF expresses the time expected to gain a qualification as an equivalent to full-time years. This is known as the 'Volume of Learning'.

Volume of Learning

Volume of Learning statements provide an indication of the amount of time it is expected that a learner would need as a full-time learner to achieve the qualification. Volume of Learning figures assume none of the competencies identified in a qualification are currently held.

The listed time frames account for all activities a learner would undertake, including supervised training activities, classroom sessions, online modules and/or workplace learning, as well as individual study, practice and learning.

The Volume of Learning for qualifications in the VET sector are:

AQF Qualification Level	Typical Volume of Learning
Certificate I	0.5 - 1 year
Certificate II	0.5 - 1 year
Certificate III	1 - 2 years (up to 4 years for some apprenticeship/traineeship agreements)
Certificate IV	0.5 - 2 years
Diploma	1 - 2 years
Advanced Diploma	1.5 - 2 years

(Taken from: <http://www.aqf.edu.au/aqf/in-detail/aqf-qualifications/>)

More information on Volume of Learning can be accessed at:

<https://www.aqf.edu.au/sites/aqf/files/volume-of-learning-explanation-v2-2014.pdf>

Competency Based Training

Competency Based Training (CBT) is an approach to teaching that focuses on allowing a learner to demonstrate their ability to do something. Used in the VET sector, CBT is used to develop concrete skills and is typically based on a standard of performance expected in the workplace and industry.

CBT programs deliver qualifications that are made up of Units of Competency. Each unit defines the skills and knowledge required to effectively perform in the workplace. Assessment is based upon the learning outcomes expected from each Unit of Competency.

How Does Assessment Work in CBT?

Unlike the traditional school system of grading assessments on a scale ranging from A to Fail, assessment of CBT determines if you have the required skills and knowledge or not yet.

Assessment is specifically conducted to determine if a learner can deliver essential outcomes related to the performance criteria within each Unit of Competency. Basically, this means assessment is conducted to see whether or not a learner has the required skills and knowledge to perform effectively in the workplace. If a learner's performance in the assessment does not demonstrate the requirements, rather than a fail, competency based assessment means the learner is marked as 'Not Yet Competent', and more training is required to get to the point of being 'Competent'. Assessors will look for evidence against which to base their judgements of competency.

The ways to demonstrate to our qualified assessors that you can perform to the required standard and be classed as 'Competent' or 'Meeting Requirements', include:

- Being observed as you work/perform the tasks and activities
- Responses to verbal questioning
- Written responses to theory questions
- Responding to a role play or case study
- Conducting a project
- Submitting a written report
- Compiling a portfolio of work samples
- A combination of the above

Harness has a Training and Assessment Strategy for each of the qualifications we deliver and we outline our approaches for conducting assessment in those strategies.

Training and Assessment Strategies

Harness staff are appropriately qualified and have sufficient, relevant industry experience to train and assess the courses delivered by Harness. On occasion, a subject specialist may conduct assessment in conjunction with a fully qualified assessor. You will be advised of specific instances in your course whereby this may be the case.

Our methodologies regarding training and assessment work toward ensuring our processes meet national assessment principles including Recognition of Prior Learning (RPL), Recognition of Current Competencies (RCC) and Direct Credit Transfer (DCT). All courses are assessed under the competency based training and assessment criteria established under the AQF.

Flexible Learning and Assessment

Included in our training and assessment strategies are practices that promote flexibility in learning and assessment. This means we will work with you to provide options that are responsive to your individual needs, and that maximise learning outcomes and access to learning activities.

Apprenticeships and Traineeships

Harness gives all learners enrolled in an apprenticeship or traineeship, a training plan which outlines how and when training will take place. This is signed by all parties involved, and given to you at the start of the training contract.

Training Plans

In the case where your course of study calls for vocational placement, is part of a workplace traineeship, or part of an apprenticeship, a training plan will be developed for you. The plan will be developed between you, the placement/workplace organisation, and Harness. It will outline the skills and knowledge you will develop over the duration of the training plan. The training plan becomes a 'living document' and any changes are agreed and noted by all involved parties.

Recognition Processes

Harness offers assessment processes that enable recognition of competencies currently held, regardless of how, when or where the learning occurred. These are detailed below:

- **Recognition of Prior Learning**

Recognition of Prior Learning (RPL) is an assessment process that involves making a judgment on the skills and knowledge an individual has as a result of past study and/or experience. The aim of RPL is to recognise your existing competencies without having to go through the complete processes of training and assessment. You will still need to provide evidence though, upon which your assessor can base their judgement. Evidence must be:

- Authentic – it must be your own work

- **Recognition of Prior Learning** cont.....

- Sufficient – it must demonstrate competence over a period of time, that the competencies can be repeated, and the evidence must be enough so that the assessor can make an accurate judgement regarding competency
- Current – it must demonstrate up-to-date knowledge and skills i.e. from the present or the very-recent past
- Valid – it must be relevant to what is being assessed

You may be eligible to apply for RPL on one or more Units of Competency in your course. Please contact us on 07 3292 0700 or training@harnessenergy.com.au to discuss your options.

- **Recognition of Current Competencies**

Recognition of Current Competencies is a recognition process similar to RPL. It applies if a learner has "...previously successfully completed the requirements for a unit of competency...and is now required to be reassessed to ensure the competence is being maintained".

(Taken from: <http://www.skillsrecognition.net.au/key-terms>)

- **Credit Transfer**

Harness recognises AQF qualifications and Statements of Attainment that have been issued by other RTOs. Credit transfer may be applied to Units of Competency and related qualifications that have been studied in the past. To apply for a direct credit transfer you will need to supply a certified copy your documentation (certificates and/or statements). For full details on the requirements for credit transfer applications, Please contact us on 07 3292 0700 or training@harnessenergy.com.au to discuss your options.

Foundation Skills

All training and assessment delivered by Harness contain Foundation Skills. Foundation Skills are a mandatory component of Units of Competency.

They are non-technical skills that support participation in the workplace, the community, and adult education and training. Examples of Foundation Skills include things such as communication skills, literacy skills (reading, writing and numeracy), interacting with others, and skills to effectively participate in the workplace such as teamwork, problem solving, and self- and time-management.

Assessment Information

Submitting Assessments

You are expected to complete assessments for all units in your qualification. You will need to submit assessments by the due date for a result to be recorded. You will receive full and detailed instructions on the requirements for each assessment, including its context and purpose; ensure you talk to your trainer and/or assessor to clarify anything that is not clear to you.

Resubmissions

If you receive feedback to say your submission was 'Not Yet Competent', you will need to provide more evidence to support your claim for competency. This may mean re-doing some of the theory questions, putting extra or more relevant information into your portfolio, or demonstrating a task again. Harness charges a fee for resubmission of assessments. If, after 3 attempts of resubmissions your work is still 'Not Yet Competent', you will be required to re-enrol in, and re-do the work for the unit, in order to achieve the full qualification.

Talk to us for more information and all of the staff at Harness will take every reasonable effort to help you succeed in your course.

Assessment Feedback

You will receive feedback regarding the outcome of each of your assessment items. To be deemed 'Competent' against a nationally accredited unit, you must meet the requirements for all elements that comprise that unit.

Plagiarism

All work that you submit must be your own. You will have signed a declaration at the start of each assessment that this will be the case.

Plagiarism is taking someone else's work and/or ideas and passing them off as your own. It is a form of cheating and is taken seriously by Harness. To help you understand, the following are examples that constitute plagiarism:

- Copying sections of text and not acknowledging where the information has come from
- Mashing together multiple 'cut and paste' sections, without properly referencing them, to form an assessment response
- Presenting work that was done as part of a group as your own
- Using information (pictures, text, designs, ideas etc.) and not citing the original author(s)
- Unintentionally failing to cite where information has come from

Referencing

When it comes to properly acknowledging where information has come from, learners should be aware of, and be able to properly use, referencing protocols. Please see below some examples.

Complaints and Appeals

Whilst as a learner, you are able to lodge a complaint or an appeal if you disagree with a decision regarding an assessment outcome; you are encouraged to speak with your assessor in the first instance. If you are not satisfied with the outcome of that discussion, you may request a formal review of the assessment decision. Follow Harness's procedure for lodging an appeal. You find a copy online on Harness' webpage under Terms & Conditions.

Learner Conduct

Just as Harness has a responsibility to meet expectations of learners, legislation, and regulations, so too, do learners have obligations they are expected to meet. It is expected that learners will participate with commitment in their studies, regularly submit assessment items, and behave in a manner that does not contravene workplace health and safety or the principle of respect for others.

Harness views learner misconduct seriously. We expect that our learners will behave in an honest, respectful manner appropriate for a learning environment, and in a way that will uphold the integrity of the RTO. Consequences of learner misconduct vary up to and including expulsion from the course. Examples of learner misconduct include, but are not limited to:

- Learner to reimburse the costs incurred by any damage caused
- Cancellation of the course without refund and/or credit
- Matter referred to the police

People taking prescription medication have a duty to ensure their own safety, and that of others, is not affected.

Learner Feedback

Issuing Certificates

Upon successful completion of your coursework and provided all fees are paid, a Certificate or Statement of Attainment will be issued to you within 30 calendar days of you being assessed as meeting all requirements for the course. This meets the compliance requirements as set for Harness and other RTOs in the Standards for RTOs 2015.

If for some reason Harness ceases to operate whilst you are still enrolled, a Statement of Attainment will be issued to you for the units within the qualification for which you have successfully met requirements. (See also, the section 'Cancellation of Course by Harness')

Harness Obligations and Participants Rights

If Harness ceases to operate we will:

- Assist you in completing your course or provide options in transferring to a new training provider
- Return all unmarked assessments
- Issue you with your Qualification or Statement of Attainment if you have completed the requirements set by your trainer
