

Harness are excited to announce that

Construction Skills Queensland (CSQ)

funding is available for certain courses for the 2021-2022 period. As this funding comes via Construction Skills Queensland (CSQ) and for this reason it is only available to certain Queensland-based individuals or companies in the building and construction industry that meet certain eligibility criteria.

Who is CSQ?

Construction Skills Queensland (CSQ) is an independent industry-funded body supporting employers, workers, apprentices and career seekers in the building and construction industry. CSQ can help you connect with the skills and training you need.

What is CSQ's subsidised training?

CSQ's subsidised training assists in building the workforce capacity of the building and construction industry through targeted skills investment. CSQ programs provide funding to eligible RTOs to deliver building and construction qualifications and short courses to new entrants, existing workers and those who are currently under-employed or out of work in the building and construction industry. The programs are: **Short Courses** and **Higher Learning Skills**.

Applicant Name **DOB** - -

Mobile Phone - - **Email**

Applicant Declaration:

I _____ (*applicant*) declare that I understand the CSQ funding is conditional on participants meeting eligibility criteria. I acknowledge that Harness Training has advised me of my obligations to provide evidence of eligibility and as a result I have provided all documents as requested and that they are true and correct. I have not withheld any information pertaining to prior qualifications and I acknowledge that I have not previously completed the training I am seeking funding for / enrolled into. I also declare that I am not currently enrolled in a course of study that is CSQ funded with any other Registered Training Organisation nor am I still attending secondary school. I consent for my information to be released to CSQ for the purpose of including but not limited to; a review, conducting destination surveys; and/or advising of CSQ products and services, whether current or future.
